2018 Summer Internship Opportunities

Current openings in Marketing, Lending, Ministry Support and Information Technology

Lutheran Church Extension Fund (LCEF) facilitates sharing of the Gospel through investments, loans and ministry support services, ensuring funds and resources are available now and in the future to empower ministries in Kingdom work.

An internship at LCEF will give you practical experience in an environment that is intellectually challenging and rewarding. You will gain valuable on-the-job experience and develop your professional skills.

At the end of your time with us, you will be better able to judge how closely your career ambitions match real-world experience.

S00543

APPLICANT REQUIREMENTS

- Sophomore or junior in college
- Pursuing a degree in business, communications, marketing, computer science or related field
- Completed application with transcript
- Two letters of reference, with one being from a faculty member

Summer internships are paid; students are responsible for their own housing and transportation. Internships are approximately nine weeks in length with a flexible start date in late May/early June.

Visit **lcef.org/internships** for more information and an internship application.
