

# STRENGTHEN AND GROW YOUR MINISTRY

## LCEF MINISTRY MOMENTS VIDEO SERIES

### Stewardship #1: People Resources Rev. Billy Brath LCEF Vice President Ministry Solutions

A church is made up of many members. It is important to keep all members engaged and involved, sharing the volunteer and disciple responsibilities.

#### How to manage the church family?

##### 1. New members

- They don't know the expectations and opportunities for church members.
- Make church family expectations part of the regular conversation.
- Intentionally invite new members to join in.

##### 2. Less experienced members

- Teach members about opportunities for participation.
- Equip them with the tools and skills necessary for success.
- Directly invite less experienced members to take on new roles.

##### 3. Members with less time

- Do not leave them out.
- Find alternative ways for members with less flexible schedules to connect and serve.

##### 4. Members in unique situations

- College kids, families in transition, people working Sundays, service members, the sick, etc.
- Find creative ways to include them.
