

STRENGTHEN AND GROW YOUR MINISTRY

LCEF MINISTRY MOMENTS VIDEO SERIES

Campaigns #3 – Stewardship Campaigns

Rev. Eric Kennaugh
LCEF Vice President Ministry Solutions

Most people think of stewardship in terms of what they owe God. This makes stewardship transactional, a good work that keeps God happy, which is not what the Scripture teaches.

How to use a stewardship campaign to clarify stewardship?

1. Purpose

- Help members understand their lives as faithful stewards of the gifts the Lord has provided.
- Help the congregation steward the ministries God has established.

2. Steps

- Lay out the ministries of the congregation.
- Create a budget of time and financial resources required for your ministries.
- Present the budget of time and financials needed to support the current ministries to the congregation.
 - Most members have never considered all of the time and money that goes into the ministries of the church. This can open their eyes to how their resources help support the mission of the church and why their stewardship is so important.
- Lead the congregation to commit to support current ministries and re-commit to membership in the church.
