

STRENGTHEN AND GROW YOUR MINISTRY

LCEF MINISTRY MOMENTS VIDEO SERIES

Stewardship #4 – Stewardship of Self

Rev. Tom Eggebrecht

LCEF Vice President Ministry Solutions

We are called by God to steward everything we are giving, including our very selves. However, many churchgoers apply stewardship principles only to money and are selfish with their time and skills.

How to encourage members to be good stewards of themselves?

1. Call back to Scripture

- Share Peter's words in Acts 2:38-39.
- Remind members that we are saved and called by God.
- Encourage members to give of themselves to share God's gift of salvation with others.

2. Share the full definition of stewardship

- Use a series of emails or newsletter articles to highlight the different areas of life that we are called to steward
- Preach about stewardship and teach about it in Bible class and Sunday School

3. Recognize the benefits of stewardship of the whole self

- Members will be more active in congregational activities and ministries
- People will seek opportunities in everyday life to show God's love
