

# STRENGTHEN AND GROW YOUR MINISTRY

## LCEF MINISTRY MOMENTS VIDEO SERIES

### **Stewardship This Year**

Rev. Tom Eggebrecht

LCEF Vice President Ministry Solutions

From the moment of our baptism, we are called and enabled to use everything we have to the glory of God. This includes time and talents as well as finances.

### **How to renew biblical stewardship in your congregation?**

#### **1. Stewardship stories**

- Have congregational leaders, members, and even pastors tell their stewardship story.
- Share these throughout the year to keep stewardship in front of members.

#### **2. Story content**

- Ask people to tell the story of how your congregation has had an impact on their faith and life.
- Share how Jesus has worked through ministry to personally forgive sins, connect them with other believers, or help them grow in faith.
- God's influence on giving can be included in these stories, but it is not essential.
