### Recruiting Church Workers: Pastors

Rev. John Glover

LCEF Vice President Ministry Solutions

There is a growing population who has never heard the Gospel, yet there are fewer pastors entering the ministry than in previous generations.

### What can we do to help recruit new pastors?

#### 1. Pray for new pastors

- Pray that the Lord would send new pastors.
- Submit this prayer request to be prayed in church services if you haven't heard it in a while.

#### 2. Have dedicated Sundays

- Have your church designate one Sunday a month to pray for pastoral laborers.
- Other Sundays can be designated to pray for other church workers.

#### 3. Pray to be an instrument

- Pray that God uses you as an instrument to encourage new pastors.
- Identify young men in your congregation who may be called to ministry, and encourage them to consider becoming pastors.
