Rev. Mark Frith

LCEF Vice President Ministry Solutions

Churches have begun streaming worship and Bible studies due to the pandemic.

How to connect with and welcome virtual church attendees?

- 1. Start your worship service 15 minutes ahead of time**
 - Let viewers appreciate the work of preparation for worship.
- 2. Incorporate an online worship host**
 - Have lay members welcome everyone to worship.
 - Share a few interesting things that happened in the church that week.
 - Introduce the subject matter of the pastor's sermon.
 - Ask for prayer requests.
- 3. Welcome everyone back in person**
 - Stream your services in anticipation of people being welcomed to join you in person one day.
