

STRENGTHEN AND GROW YOUR MINISTRY

LCEF MINISTRY MOMENTS VIDEO SERIES

Internalize Scripture

Rev. Mark Frith

LCEF Vice President Ministry Solutions

Christians have become too busy to spend time with Scripture every day.

How to encourage members to internalize Scripture?

1. Start small

- Make a list of the top ten Bible passages every Christian should know.
- Give congregation members one year to memorize ten verses.
- Helps members understand and share the message of the verses.

2. Build steadily

- In the second year, review the first ten verses and add ten more for members to learn.
- Continue to add ten new verses each year.

3. Share and witness

- The Lord will use this immersion in Scripture to draw members closer to Him.
- Teaches members to become faithful witnesses to one another and the community.
