### **Community Ministry #3 – Communicate and Celebrate**

Rev. Mark Frith

LCEF Vice President Ministry Solutions

Churches need to communicate with their members about service opportunities within the surrounding community.

#### **How to share opportunities with members?**

**1. Inspire with personal stories**

- Invite a spokesperson from the community service organization to come and speak after worship.
- Ask them to share stories of need and the difference that volunteers are making.

**2. Share stories in publications**

- Incorporate community service stories in your weekly or monthly newsletters.
- Share stories on bulletin boards with pictures.

**3. Celebrate what matters**

- Celebrate your members who get involved in the community.
- Thank your members publicly.
